RESIDENTIAL MOVING TIPS

Planning Ahead

Moving is much more than loading and unloading trucks; planning, coordination and timing are critical to the success of any move. Whether you are moving a one room apartment or a five bedroom home, Ewing assures you that all your moving needs will be addressed. Ewing Moving Service, Inc. has an outstanding reputation for providing quality moving and storage services and we can move you across Tennessee or across the country.

- Dispose of flammables.**
Paint, paint thinners, gasoline and other flammable items cannot be moved.
- Notify utility companies.**
Set the date for turning off your utilities and turning them on in your new place.
- Cancel services.**
Such as newspapers, home-delivered food services and diaper services.

4-6 Weeks before moving

- Inventory your belongings.**
Decide what and what not to move.
- Garage Sale**
Sell the things you don't want to move and donate the unsold items to charity.
- Arrange for packing.**
Our experienced packers offer complete packing services and can prepare and pack everything from grand pianos to fine china. For the do-it-yourselfers, we can supply you with everything from boxes and tape to labels and we'll even throw in a few helpful hints at no charge.
- Collect personal records.**
Birth certificates, medical and dental records, marriage licenses and transcripts often need to be sent to new schools.

- Close local department store credit accounts.**
- Give employer your new address.**
Arrange to forward your tax forms to your new address.

2-3 Weeks before moving

- Transfer prescriptions.**
Remember your pets prescriptions and medical records as well.

1 Week before moving

- Transfer checking & savings accounts**
- Defrost refrigerator and freezer.**
Clean refrigerator to prevent mildew and dispose of food.
- Drain garden hoses**
- Drain fuel from lawnmowers.**
And other power tools.

Moving Day

- Prepare a necessity kit.**
Pack with items you can find quickly and load it last.
 - Garbage bags
 - Paper products
 - Household cleaners
 - Tools
 - Eating utensils
 - Beverages and food
 - Drinking glasses

- Lock doors.**
And turn off utilities.
- Have a great move.**

Storage

All storage space in Memphis and Nashville, is climate controlled and monitored for safety 24-hours a day. Space is available at affordable rates.

Insurance & Claims

Ewing movers and packers are highly trained and seasoned professionals, however, during your move some damage may occur, so standard insurance is offered for all moves. There is no charge for insurance on local moves and the coverage states that "anything broken or damaged due to the fault of our movers will be repaired or replaced at the depreciated value."

For moves outside the state of Tennessee, the Interstate Commerce Commission requires that standard insurance coverage be provided. This coverage states that any item broken or damaged will be valued at a rate of .60 per pound per article. Standard insurance is included in the cost of the long distance move.

On intra-state moves (within Tennessee), the Tennessee Regulatory Authority requires that standard insurance be provided at a rate of .75 per \$100 worth of valuation. This coverage states that any item broken or damaged will be valued at .75 per pound per article. (The valuation is figured

by multiplying \$1.25 by the weight of the shipment. {Example: a 5000 lb. shipment would be multiplied by .75 to equal a total charge of \$46.88 for the insurance.})

Additional insurance may be purchased on any type of move.

If in the event an accident does occur, all claims under \$500 are handled directly from our Memphis headquarters. Claims over \$500 are handled by our insurance company.
